Hello:

I am very pleased to be asked to provide a testimonial for the work of Michael Smolens. I studied both voice and piano with Michael for several years. During that time, I had the opportunity to participate in the production of software tutorials for my employer, Bio-Rad Laboratories, Inc.

Michael was a major factor in this, by providing me with training on the writing of the very complex scripts for the tutorials and in coaching me for the recording of the voice-overs. His experienced direction during the recording in the sound studio brought us to a highly-polished final product. The recording was well-received by the Marketing Department and was the forerunner to subsequent projects.

I was very impressed with Michael's experience, his enthusiastic and unique style of teaching, and his ability to tailor his teaching to the individual. I look forward to many years of future collaborations between us.

Sincerely,
